This video is indeed about the Khazarian Mafia, but more importantly offers the patterns by which they have fed on God by way of humanities ignorance. As Nature creatures we are an outpouring of God, and the only way we can escape the Black Sun, is to understand their modus operandi; this means changing our world view, so that true evil can be seen; for we all have been beguiled with assumptions which disguise the Demiurge. The Khazarian Mafia has worked extremely hard to pr ...[more](#)

I am a Dakota Sioux and I have spent the last 10 years relearning with an open mind. I have come to realize that I can't be a victim my whole life. I can't be dependent on the government and at the same time forget what they did to the native population. And that generational trauma they call it, has completely the warriors of my people. The strong leaders are the women, whom have been being both provider and protector. I am also always learning all religions and histories. I have been struggling with meditation, because I know what or who is communicating with you and its not the Holy Guardian Angel.

I have been studying this for years (I'm 61), but with few to talk about it... that don't label you a conspiracy nut or just plain crazy. thank you so much for your time.

I'm a 22 year old man who stumbled across this whole thing after covid as a indigenous American (redskin) I have never trusted the government due to obvious reasons and oh boy how insane the last 5 years have been I have damn near lost my mind looking into these things and have my peers look at me like a crazy person. God bless you my friend.

fantastic work. 25 years of researching economic causality brought me here... private central banks, compounding interest, and infinite money as debt... the real cause of every war.

I'm a former 32-degree Master Mason and Shriner. As a Police Officer the majority of our professionals are in some ways involved in the secret societies. Some at the lower degrees would never know that they're just slaves to the baphomet system and don't have the understanding of whom they serve or who they are. Now those that continued on either Scottish rites or York rites have the understanding that they serve LUCIFER. As a born-again Christian now, I've dedicated my life to helping educate people and also help members in the occult to include freemasons come out of the baphomet system and matrix...

I was traumatized drugged and molested at an early age which became very problematic in my adult life. I did have a Christian upbringing from my grandmother which actually caused more questions for me, reading scripture made me question more n more. At 38,I got my first computer and the things I saw made me question everything I finally just asked the Holy Creator of my soul to show me the Truth of this world(be careful what you pray for) and I've been on the Truth Train ever since, I will be 60 in March. I've known and suspected many of things you talk about and you've actually confirmed many thing...

I had a personal experience that was extremely painful mentally for me to get through, I honestly thought I was going to die, but when the solution revealed itself to me it shifted my whole outlook on life. It was something that really cannot be explained by anything this world has taught me so far. This video kind of gave me some insight as to how it occurred. I begged and begged for something countless times to show itself to me, to show there's something more to this world, and I was completely alone. It makes sense knowing that I am not separate from God, but rather I am a direct connection and there is somethin...

10 years ago i looked into the Khazarian Rothschild connection. The mechanisms of obfuscation cloaked my pursuits back then with alot of white noise and "dont look here" signals I recognise now hindsight being 20/20. I told myself I would be ready for the truth no matter what it is. I never dreamed I would find so many questions answered in the same place. Thank you Chuck for wading through the noise . I commend your tenacity and thoughtfulness. Great job young man we owe you more than we can imagine.

One night a bunch of Chickens were laying in their coop. Suddenly one stood up and shouted, "HEY, you guys, I'm telling you they're going to eat all of us!" all the Chickens starting laughing, calling him names and said enough with Conspiracy Theories already.
